WORLD HEALTH ORGANIZATION

## 140th SESSION OF THE EXECUTIVE COMMITTEE

*Washington, D.C., USA, 25-29 June 2007*

---

### ***RESOLUTION***

***CE140.R15***

#### **SAFE HOSPITALS: A REGIONAL INITIATIVE ON DISASTER-RESILIENT HEALTH FACILITIES**

***THE 140th SESSION OF THE EXECUTIVE COMMITTEE,***

Having reviewed the report of the Director on the Regional Initiative on Safe Hospitals (Document CE140/13) and aware of the benefit of joining forces to reduce health disaster risk,

#### ***RESOLVES:***

To recommend to the 27th Pan American Sanitary Conference the adoption of a resolution along the following lines:

***THE 27th PAN AMERICAN SANITARY CONFERENCE,***

Having considered the report of the Director on the Regional Initiative on Safe Hospitals (CSP27/\_\_\_) and aware of the benefit of joining forces to reduce health disaster risk;

Considering that the 45th Directing Council of the Pan American Health Organization (2004) approved Resolution CD45.R8 urging Member States to adopt “Hospitals Safe from Disasters” as a national risk reduction policy and that 168 countries adopted the same goal at the World Conference on Disaster Reduction as one of the priority actions to be implemented by 2015;

Aware that, according to data provided by PAHO/WHO Member States, 67% of their health facilities are located in disaster risk areas and that in the last decade nearly 24 million people in the Americas lost health care for months, and sometimes years, due to damage to health facilities directly related to disasters;

Taking into account that functional collapse is the main cause of hospitals being out of service after a disaster and that access to health services is a critical need in saving lives, especially during emergencies, and is a main responsibility of the health sector and also one of the Essential Public Health Functions;

Considering that the UN International Strategy for Disaster Reduction (ISDR) decided to organize, for 2008-2009, the global safe hospitals campaign as an example of a complex entity that requires the collaboration of all sectors, including financial institutions, in order to make hospitals resilient to disasters, and that the World Health Organization is the technical entity responsible for the campaign; and

In order to significantly contribute to reducing disaster risk in the Region and taking into account that the safe hospital campaign will make a major contribution to comprehensive hospital safety, including patient safety and health of workers,

***RESOLVES:***

1. To urge the Member States to:
  - (a) Ensure that a specific entity in each ministry of health has the responsibility to develop a disaster risk reduction program;
  - (b) Actively support the 2008-2009 ISDR safe hospitals campaign through:
    - Establishment of partnerships with stakeholders within and beyond the health sector, such as national disaster management organizations, planning, national and international financial institutions, universities, scientific and research centers, local authorities, communities, and other key contributors;
    - Sharing and implementing best practices in order to achieve practical and significant progress on the safe hospitals initiative at the country level;
    - Ensuring that all new hospitals are built with a level of protection that better guarantees that they will remain functional in disaster situations, and implement appropriate mitigation measures to reinforce existing health facilities;
  - (c) Develop national policies on safe hospitals, adopt appropriate national and international norms and standards, and monitor the safety of the health facility network.

2. To request the Director to:
  - (a) Develop new tools to assess the likelihood that health facilities remain functional during and after a disaster and assist Member States in their implementation;
  - (b) Support countries in documenting and sharing best practices as well as achieving progress on the safe hospital initiative;
  - (c) Promote and strengthen coordination and cooperation with regional and subregional agencies related to the issue of disasters.

*(Ninth meeting, 29 June 2007)*
