

122nd Session
Washington, D.C.
June 1998

Provisional Agenda Item 5.4

CE122/20 (Eng.)
3 April 1998
ORIGINAL: ENGLISH

PAHO FIELD OFFICE BUILDINGS

This is a progress report on the building projects in Barbados, Mexico, and Honduras.

Barbados

The new PAHO building for the Caribbean Program Coordination (CPC) was completed and opened in April 1997.

Honduras and Mexico

There are no developments to report regarding the projects in Honduras and Mexico, as no agreements have been reached with respect to the land to be used for the construction of the PAHO buildings. This being the case, the Director proposes to keep these two projects in an inactive status and report to the Executive Committee if and when new developments take place.
